Inpatient and partial hospitalization services are provided through a joint operating agreement between Pine Rest Christian Mental Health Services, Mercy Health Saint Mary’s and Metro Health.

Scope
The Adult Partial Hospitalization Program is a community-based program and requires that patients live within a daily commuting distance from the Pine Rest campus. Patients from greater distances may arrange lodging with many of the local hotels in the area. The program secretary or program coordinator can provide information on local lodging.

Payment
Most insurance plans are accepted. For additional information please visit our web site at www.pinerest.org.
About the Program:

The Adult Partial Hospitalization Program is a therapeutic group-based program which meets from 8:30 a.m. until 4:15 p.m. Monday through Friday. Groups and classes are led by a variety of mental health professionals.

**Treatment Groups include:**
- Anger Management
- Anxiety Management
- Assertion Training
- Relationships
- Co-Occurring Disorders
- Group Therapy
- Loss and Grief
- Medication Education
- Daily Review
- Stress Management
- Emotions Management
- Healthy Coping Skills
- Treatment Planning
- Relaxation
- Exploring Wellness
- Radical Acceptance

Medication management is provided by a psychiatrist dedicated to the Partial Hospitalization program.

This team will work together to set treatment goals and develop a plan with specific strategies for treatment and the aftercare plan. The case manager, physician assistant, and psychiatrist will regularly review progress with the patient. The treatment team will also offer guidance in finding other resources necessary for the patient’s treatment.
