Pine Rest announced plans last week to build a pediatric behavioral health center in Grand Rapids which will greatly expand and add new services. Scheduled to open in 2024, it will be the first in West Michigan!

“We want our kids to live purposeful and joy filled lives,” said Dr. Mark Eastburg, president
and CEO. “The Pediatric Behavioral Health Center of Excellence will help our community and state become a place where none of our kids will have to wait weeks or months for world class mental health care.”

**New Pine Rest Academy Provides Nursing Students up to $40K in Tuition Assistance**

The Pine Rest Academy aims to address the national nursing shortage by creating a pipeline of talent through financial support of up to $10,000 per semester, $40,000 total, for each student who qualifies. Currently, this financial support is available for students who are enrolled in nursing programs at Grand Valley State University, Calvin University, Cornerstone University and Montcalm Community College, with potential for expansion to other colleges and universities.

“We are thrilled to build academy partnerships with so many Michigan schools, offering students both academic excellence and in-person experience in the behavioral health field,” said Bob Nykamp, vice president and chief operating officer. “The impact that this program will have on our current and future patients, as well as our community, will be instrumental in meeting the growing need for mental health care in Michigan.”

**Service Announcement: Immediate Openings at Partial Hospitalization Programs**

Our Mother & Baby and Adolescent Partial Hospitalization Programs currently have immediate openings.

Before the start of school is a great time for teens to attend the intensive program because
they won't be missing school and are under less pressure which can help in dealing with underlying issues. The great weather also allows us to use the outdoors as part of therapy!

**Training: Active Threat Assessment and Active Shooter Survival**

**Monday, August 8, 2022**

Pine Rest and MIOSHA are sponsoring two sessions on August 8 to help workplaces, schools and places of worship assess for active threats (morning session) and develop strategies to prevent, prepare for, survive, and recover from active shooter incidents and violence (afternoon session). In person and online options available.

Registration is open until August 4.

**Cost**

No charge to attend!

**Presenter**

Kenneth Wolf, PhD, CEO of the Incident Management Team with affiliates worldwide.

Understanding ADHD Brochure
Our *Understanding ADHD* brochure examines how Attention Deficit Hyperactivity Disorder (ADHD), also called Attention Deficit Disorder (ADD) manifests itself in children and adults, how Pine Rest can help with assessments and screening, as well as our customized treatment recommendations.

We invite you to share with your clients or organization our *Understanding ADHD* brochure. It is available online and the printed version can be ordered through our website, along with our other publications; please note the number of copies you’d like in the comments section.

**New Virtual Support Group at Pine Rest**

This virtual Seeking Safety Group, facilitated by Michaela Cortese, LMSW, CAADC, welcomes adults (18+) from ALL gender and sexual identities and expressions, who have experienced trauma, post-traumatic stress disorder (PTSD) and/or substance use disorder.
To learn more or to join our virtual Seeking Safety Group participants need a referral from their current Pine Rest therapist.
